Madhav Trivedi

Software Engineer

madhavtrivedi.work17@gmail.com | https://www.linkedin.com/in/madhavpt | +91-9106655362 | Pune, India

SUMMARY

Software Engineer with **6+ years** of experience designing and scaling high-performance distributed systems and **full-stack applications**. Strong in **Node.js, Python, React, and microservices architecture**, with deep expertise in system design, reliability, and performance optimization. Product-centric engineer who **owns features end-to-end** from design to deployment and building scalable platforms that drive measurable business impact.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), TypeScript, Python
Backend/Distributed Systems:	Node.js, NestJS, Flask, Django, gRPC, Kafka, REST, GraphQL
Frontend:	React, Angular, HTML5, CSS3
Cloud & DevOps:	AWS (EC2, S3, Batch, Airflow), Docker, Terraform, GitLab CI/CD
Databases:	PostgreSQL, MySQL, TypeORM
Observability & Reliability:	Datadog, APM, Logging, Blue/Green Deployments

SECONDARY SKILLS

Leadership | Team Collaboration | Adaptability | Interpersonal Communication | Delegation | Detail-oriented

WORK EXPERIENCE

Madison Logic India Dec 2024 – Current

(Sr. Backend Engineer) *Pune, MH*

- **Led migration** from **monolithic architecture** to highly scalable **distributed microservices**, defining service boundaries, API contracts, and deployment strategies to improve system resilience and independent scalability.
- **Owned and delivered a custom lead delivery platform** in collaboration with client teams, driving a **50% revenue increase** and doubling operational efficiency.
- **Designed and built** a data-driven **Lead Scoring Engine** leveraging **predictive scoring models** to enable real-time decision making and optimize campaign performance**.**
- **Owned production release** strategy for 15+ revenue impacting applications, introducing Blue/Green deployments and controlled A/B rollouts to minimize downtime and business risk.
- **Implemented the Outbox Pattern with Kafka and orchestrated Saga workflows**, ensuring guaranteed event delivery, eliminating distributed locking, and achieving eventual consistency.
- **Built and standardized Datadog observability for backend services**, reducing incident resolution time and enabling proactive monitoring through APM and infrastructure-level metrics.

Thinkbridge Software Pvt. Ltd. Nov 2020 – Sep 2024

(Software Engineer) *Remote, India*

- **Implemented internationalization (I18N) and localization (L10N)** to expand global accessibility, while optimizing data handling and client-side caching strategies, resulting in over **~80% revenue growth** and increased international adoption.
- **Designed a high-performance client-side search** architecture supporting **1M+ records** with fuzzy search capabilities, **reducing page load times by ~50%** and significantly improving user experience.
- **Engineered and maintained** multiple business platforms including FinTech applications, a Career Services Portal, and a Product Subscription system, ensuring scalability, reliability, and continuous feature delivery.
- **Directed requirement analysis** and delivery execution, translating business needs into technical solutions, delegating tasks, conducting code reviews, and managing CI/CD pipelines for consistent and reliable releases.

Ubisoft India Jan 2020 – Nov 2020

(Junior Web Developer) *Pune, MH*

- **Drove key initiatives** at Ubisoft India, crafting responsive UI screens, developing APIs, and optimizing backend systems.
- **Developed an automated HR system**, enhancing accuracy by up to ~**15% and reducing manual workload by ~80%.**

PROJECTS

- **E-Commerce Microservices | Skills:** gRPC, GraphQL, React, NestJS, NodeJS, Docker, PostgreSQL
- **Portfolio Site | Skills:** React, Github Actions
- **Tab's Archive | Skills:** Problem Solving, System Design, Design Patterns, JavaScript, Project Management, Chrome API
- **Curve (Covid-19 Cases monitoring mobile app) | Skills:** Flutter, Dart, Firebase, Data Visualization
- **Face Detection Attendance System | Skills:** Python, OpenCV, Microsoft Azure Cognitive Services, SQL

CERTIFICATIONS

- **Data Structures and Algorithms** – GeeksForGeeks
- **System Design from Low Level to High Level** - GeeksForGeeks
- **J.P. Morgan's Software Engineering Virtual Experience** - Forage
- **Data Analytics with Python** - FreeCodeCamp
- **Scientific Computing with Python** - FreeCodeCamp
- **JavaScript Algorithms and Data Structures** - FreeCodeCamp
- **Back End Development and APIs** - FreeCodeCamp

EDUCATION

MCA Computer Science - 8.15 CGPA 2017 – 2020
Maharashtra Institute of Technology (MIT), Pune, India
